## Content Disclaimer

This documentation is not intended as a substitute for and is not to be used for determining suitability or reliability of these products for specific user applications. It is the duty of any such user or integrator to perform the appropriate and complete risk analysis, evaluation and testing of the products with respect to the relevant specific application or use thereof. Neither ProSoft Technology nor any of its affiliates or subsidiaries shall be responsible or liable for misuse of the information contained herein. Information in this document including illustrations, specifications and dimensions may contain technical inaccuracies or typographical errors. ProSoft Technology makes no warranty or representation as to its accuracy and assumes no liability for and reserves the right to correct such inaccuracies or errors at any time without notice. If you have any suggestions for improvements or amendments or have found errors in this publication, please notify us.

No part of this document may be reproduced in any form or by any means, electronic or mechanical, including photocopying, without express written permission of ProSoft Technology. All pertinent state, regional, and local safety regulations must be observed when installing and using this product. For reasons of safety and to help ensure compliance with documented system data, only the manufacturer should perform repairs to components. When devices are used for applications with technical safety requirements, the relevant instructions must be followed. Failure to use ProSoft Technology software or approved software with our hardware products may result in injury, harm, or improper operating results. Failure to observe this information can result in injury or equipment damage.

## Open Source Information

### **Open Source Software used in the product**

The product contains, among other things, Open Source Software files, as defined below, developed by third parties and licensed under an Open Source Software license. These Open Source Software files are protected by copyright. Your right to use the Open Source Software is governed by the relevant applicable Open Source Software license conditions. Your compliance with those license conditions will entitle you to use the Open Source Software as foreseen in the relevant license. In the event of conflicts between other ProSoft Technology, Inc. license conditions applicable to the product and the Open Source Software license conditions, the Open Source Software conditions shall prevail. The Open Source Software is provided royalty-free (i.e. no fees are charged for exercising the licensed rights). Open Source Software contained in this product and the respective Open Source Software licenses are stated in the module webpage, in the link Open Source.

If Open Source Software contained in this product is licensed under GNU General Public License (GPL), GNU Lesser General Public License (LGPL), Mozilla Public License (MPL) or any other Open Source Software license, which requires that source code is to be made available and such source code is not already delivered together with the product, you can order the corresponding source code of the Open Source Software from ProSoft Technology, Inc. - against payment of the shipping and handling charges - for a period of at least 3 years since purchase of the product. Please send your specific request, within 3 years of the purchase date of this product, together with the name and serial number of the product found on the product label to:

ProSoft Technology, Inc.  
Director of Engineering  
9201 Camino Media, Suite 200  
Bakersfield, CA 93311  
USA

### **Warranty regarding further use of the Open Source Software**

ProSoft Technology, Inc. provides no warranty for the Open Source Software contained in this product, if such Open Source Software is used in any manner other than intended by ProSoft Technology, Inc. The licenses listed below define the warranty, if any, from the authors or licensors of the Open Source Software. ProSoft Technology, Inc. specifically disclaims any warranty for defects caused by altering any Open Source Software or the product's configuration. Any warranty claims against ProSoft Technology, Inc. in the event that the Open Source Software contained in this product infringes the intellectual property rights of a third party are excluded. The following disclaimer applies to the GPL and LGPL components in relation to the rights holders:

"This program is distributed in the hope that it will be useful, but WITHOUT ANY WARRANTY; without even the implied warranty of MERCHANTABILITY or FITNESS FOR A PARTICULAR PURPOSE. See the GNU General Public License and the GNU Lesser General Public License for more details."

For the remaining open source components, the liability exclusions of the rights holders in the respective license texts apply. Technical support, if any, will only be provided for unmodified software.

# 1 Start Here

This document highlights the new features, fixes, enhancements and known issues for the ProSoft Technology EAFC Export Utility software.

## 1.1 About the EAFC Export Utility

The EAFC Export Utility software allows the ability to perform on-demand scans of a MVI56E-AFC or MVI69E-AFC Enhanced Liquid & Gas Flow Computer module. The data collected during the scan will be used to generate FlowCal .CFX or Microsoft .CSV formatted files for export.

4.05.000.003	26-Sep-2019	Initial Release

## 3 Support, Service & Warranty

### 3.1 Contacting Technical Support

ProSoft Technology, Inc. is committed to providing the most efficient and effective support possible. Before calling, please gather the following information to assist in expediting this process:

- 1 Product Version Number
- 2 System architecture
- 3 Network details

If the issue is hardware related, we will also need information regarding:

- 1 Module configuration and associated ladder files, if any
- 2 Module operation and any unusual behavior
- 3 Configuration/Debug status information
- 4 LED patterns
- 5 Details about the interfaced serial, Ethernet or Fieldbus devices

**Note:** For technical support calls within the United States, ProSoft's 24/7 after-hours phone support is available for urgent plant-down issues.
