

Dear Customer,

Quest Technical Solutions is committed to demonstrating the highest standard of global environmental management. We embrace this as a core value and an integral part of all operations and seek continual improvement of our environmental management system and performance. Our dedication is demonstrated by our compliance efforts as they apply to the following European Union Regulation:

Restricted substances

Quest Technical Solutions AN-X2, AN-X3 and CLX2 products meet the substance restrictions specified in Annex XVII of Regulation (EC) No. 1907/2006 (REACH).

Candidate List substances

QTS continues to interact with our suppliers to collect information on our finished products and determine whether our products contain any of the substances included in the REACH Candidate List.

To the extent that QTS can confirm, as of the revision date of this document, QTS AN-X2, AN-X3 and CLX2 products do not contain substances included in the REACH Candidate List that was last updated on 19 January 2021 (see <http://echa.europa.eu/candidate-list-table> for the current list) above a concentration of 0.1% weight by weight.

If you have any additional questions please contact Lorne Diebel, President, at 321 757-8483.

Sincerely,

Lorne Diebel
President
Quest Technical Solutions
